APPLICATION NOTES

Dear Applicant:

In an effort to assist you in understanding and filing your application with the Zoning Board of Appeals, please read the following carefully.

In deciding variance requests, the board of appeals acts **as an agent of the local government**, not the property owner.

The three standards of the existence of an **unnecessary hardship (unnecessarily burdensome of the property)**, the **presence of a unique property limitation** and the **protection of the public interest** must be satisfied. Additionally, the court system has established that the following principles need to be met as well:

1. Unnecessary hardship: defined as a situation where in the absence of a variance, the restrictions prevent the owner from using the property for a permitted purpose, or the restriction would be unnecessarily burdensome. (*State v. Waushara County Board of Adjustment*)
2. The hardship or difficulty must be peculiar to the zoning parcel in question and different from that of other parcels. (*Thalhofer v. Patri*)
3. Financial hardship is not grounds for a variance. (*Snyder v. Waukesha Zoning Board*) In no event shall a variance be granted where the primary reason is to obtain a more profitable use of the property, personal inconvenience, construction errors, economic reasons, self-created hardship, or where the property is presently a non-conforming use. (*State v. Kenosha County Board of Adjustment*)
4. Self-imposed hardship is not grounds for a variance. (*State ex. rel. Markdale Corp. v. Board of Appeals*)
5. The hardship cannot be one that would have existed in the absence of a zoning ordinance. (*Thalhofer v. Patri*)
6. Unique physical characteristics of the property, not the desires of or conditions personal to the applicant. (*Snyder v. Waukesha County Zoning Board*)
7. Protection of the public interest; the granting of a variance must neither harm the public interest nor undermine the purpose of the ordinance. (*State v. Ozaukee Board of Adjustment*) **Please note that lack of local opposition does not mean that a variance will not harm the public interest.**
8. The Board may impose special conditions in the granting of a variance to ensure that the public welfare will not be damaged. The variance should include only the minimum relief necessary to allow reasonable use of a property.
9. Granting of a variance to neighboring owners does not justify a variance. (*Von Elm v. Board of Appeals*)

If you have any questions regarding this information or the application itself, you may contact me at (608)-755-3097 or yunkerj@janesvillewi.gov.

Sincerely,

Jay Yunker, ZBA Secretary
