

# Community Engagement Forum

**Fisher Creek Trail – Phase 1**  
**W. Court Street to Dartmouth Drive**  
**City of Janesville**  
**WisDOT ID #5990-03-14**

**Fisher Creek Trail - Phase 2**  
**Rockport Road to W. Court Street**  
**City of Janesville**  
**Project #URGP623170**

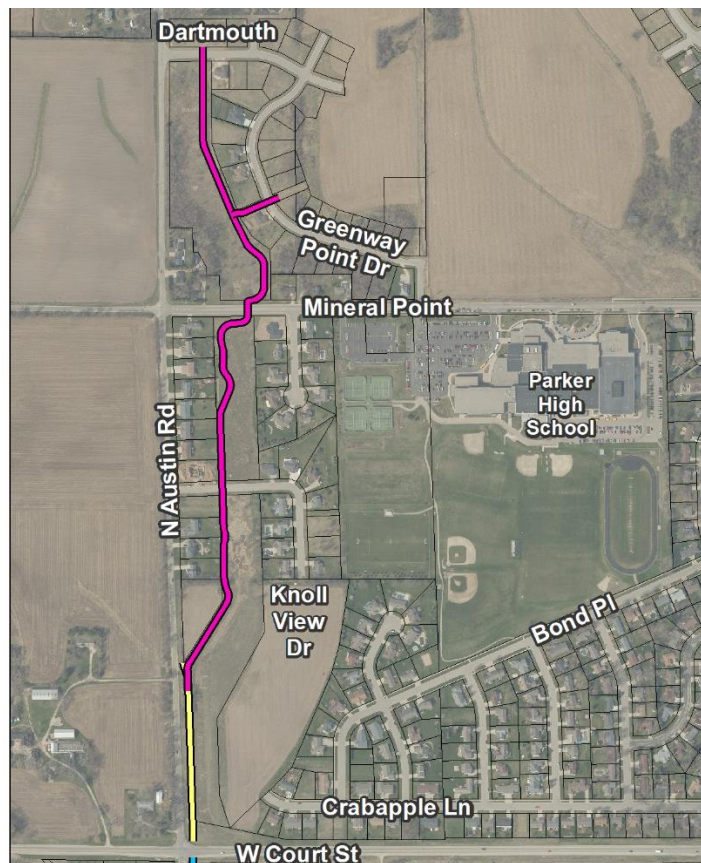

## Purpose of Meeting

The Purpose of today’s Forum is to provide the community with information about the proposed Fisher Creek Trail Projects and to receive feedback for use in the design process. The forum will begin with a brief presentation shortly after 5:30 p.m. Representatives of the City of Janesville and the design team will be available after the presentation to answer questions, explain exhibits, and provide additional information regarding the project.

## PROJECT INFORMATION

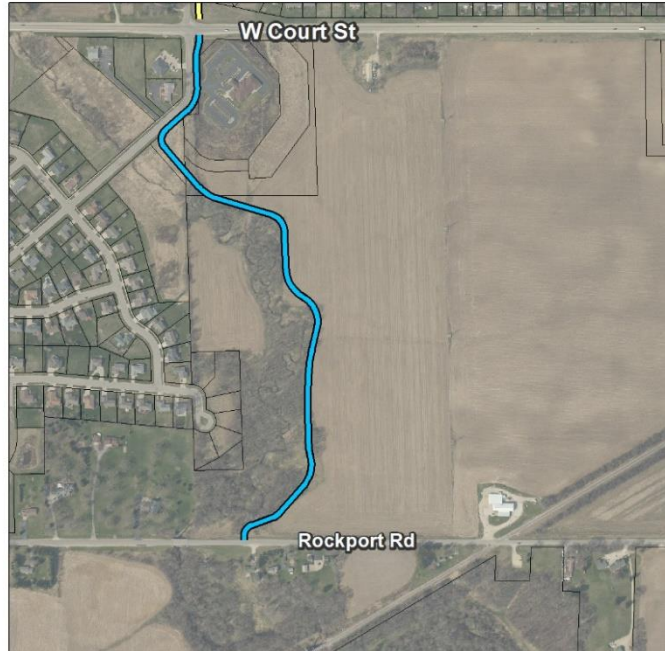

### Phase 1 – W. Court Street to Dartmouth Drive (WisDOT ID #5990-03-14)

The City of Janesville and the Wisconsin Department of Transportation propose constructing a 10-foot-wide paved off-road trail with an approximate project length of 0.80 miles. The alignment will start at the existing path north of W. Court Street along Austin Road and travel north to Dartmouth Drive. This project will also include a trail connection to Greenway Point Drive and improvements at the Mineral Point Avenue crossing. The entire project will be located within the City’s greenbelt and right of way. This project is a federally funded Transportation Alternatives Program (TAP) project administered by the Wisconsin Department of Transportation.

## Phase 2 – Rockport Road to W. Court Street (Project #URGP623170)

The City of Janesville and the Wisconsin Department of Natural Resources propose constructing a 10-foot-wide paved off-road trail with an approximate project length of 0.62 miles. The alignment will start at Rockport Road and travel north to W. Court Street. This project will also include improvements at the W. Court Street crossing that include a Rectangular Rapid Flashing Beacon (RRFB). The trail will be located within the City's right-of-way and a bike trail easement along Fisher Creek. This project is a state funded Stewardship Project administered by the Wisconsin Department of Natural Resources.

### ANTICIPATED SCHEDULE

The project team is currently in the preliminary design phase of preparing construction plans. The anticipated project schedule is as follows:

Community Engagement Forum:	February 2024
Environmental Review Complete:	May 2024
Preliminary Design Complete:	May 2024
Final Design Complete:	September 2024
Local Project Bidding:	November 2024
Construction:	Summer 2025

### PUBLIC INPUT/COMMENTS

We encourage you to speak to the project representatives and ask them questions. Your comments assist us in developing a project that will serve the needs of the traveling public as well as the needs of the local community. Your input is welcome and appreciated throughout the design process. Please provide comments (written or email) by March 8, 2024. Thank you for your participation.

### CONTACTS

Thomas Ballweg, P.E.  
Project Manager
