

How Do I Access eGov?

Go to the City's home page (www.ci.janesville.wi.us).

On the right hand side, click **Property Search (eGov)**.

You will be redirected to the Property (Parcel) Search page.

Click on **“Click here to enter the property search database.”**

Property (Parcel) Search Using EGov

Font Size: + - + Share & Bookmark [+ Feedback] Print

Individuals interested in looking up properties in Janesville should use the property (parcel) search function of the City's eGov system. The information is useful for making comparisons between properties, to indicate whether an assessment may be fair and correct. If you cannot locate your property's information, after following all instructions carefully, please contact the [City Assessor's Office](#).

 [Click here to enter the property search database.](#)

[Here's a link to an instruction sheet](#) new eGov users may find helpful.

Free viewers are required for some of the attached documents.
They can be downloaded by clicking on the icons below.

You will be taken to the eGov page that describes this service and how to use it.

For tips on how to use the property (parcel) search function, [Click here](#).

[Click here to enter the anonymous eGov portal](#)

[Click here to enter the eGov profile portal](#)

At the bottom of the page, you can select either the anonymous login or log in with an established eGov profile account. See the description in the paragraphs on the webpage to determine the difference and/or benefit of each.

For tips on how to use the property (parcel) search function, [Click here](#).

General Rules

Do **NOT** use the Back Arrow button on the Internet Browser menu. If you do, you will get an error message and have to start over.

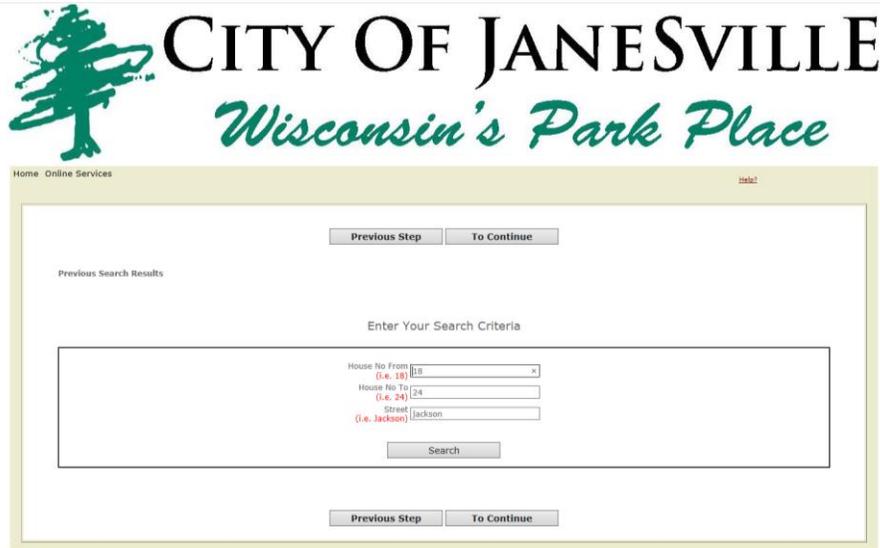

Anonymous Login

You can select to either search for a property **by location** or **by parcel number**.

Property Location Search

Select the property location button and click on **select**.

The screenshot shows the City of Janesville website header with the logo and the slogan "Wisconsin's Park Place". Below the header is a search interface titled "Enter Your Search Criteria". The interface includes a "Previous Search Results" section, a "Previous Step" button, and a "To Continue" button. The search criteria section contains three input fields: "House No. From (i.e. 18)" with the value "18", "House No. To (i.e. 24)" with the value "24", and "Street (i.e. Jackson)" with the value "Jackson". A "Search" button is located below the input fields. At the bottom of the search interface, there are "Previous Step" and "To Continue" buttons.

Enter a number into both the House No. From and House No. to boxes. You can place the same number in both boxes if you only want to search for a single address. Otherwise enter the lower and upper numbers of the range for which you want to search. Enter the street name without directionals (N, S, E, or W) and without a suffix (i.e. Street or St.) because to find a match it needs to be exactly identical to the way it appears in the database. Click **Search**.

The next screen will show a list of properties that meet the search criteria. There may be multiple pages returned. The numbers on the bottom right in the search results pane will indicate how many pages of results there are.
